Strengthening The Engineering and Technology Research

Through

**8th Deans and Directors Networking
Session**

11 December 2020

Novotel Bangkok Platinum Pratunam

Bangkok, Thailand

About GATR:

Global Academy of Training and Research (GATR), is a registered research firm in Malaysia that provides platforms for academics and organizations to excel. GATR aims at encouraging young scholars, established researchers, trainers, academic & corporate researchers to conduct meaningful research and provide useful knowledge for the academic and socio-economic development of their respective nations. GATR is organizing the Deans and Directors networking session in Bangkok, Thailand.

Purpose:

The 8th Deans and Directors networking session is a strategic level event for determining trends in future engineering and Technology research around the globe for sharing experiences and for discussing areas of mutual interest.

This year's GCOET networking session will focus on establishing Engineering and Technology research through creating collaborations among institutions and with other key players who influence Engineering and Technology research.

OBJECTIVES:

The key objectives of the deans and directors networking session are:

- To strengthen Engineering and Technology research through industry academia networking and collaborations.
- To propose ways to enhance research activities and trainings through collaborations.
- To provide multiple outlets of publications for young scholars through collaborations.
- To provide focused recommendations to the Engineering and Technology schools for enhancing research skills of graduates through Collaborations.

OUTCOMES:

- ✓ To identify the critical steps to align research with business needs.
- ✓ To identify and recommend actions to the emerging challenges in Engineering and Technology research.
